Meeting Agenda

Group meeting for group C7 with supervisor

§1 Objectives

- Show the current product
- How to write the SDD

§2 Discussion Items

1. Is there anything majorly wrong with our project / are we progressing fast enough?
2. How do we divide packages in the SDD, specifically sub-packages?
 - a. Should they be in their own chapter?
 - b. Or should we put all sub packages in the same root packages, under the model root.
I.E. should ToolPatterns be in Tools or ToolPatterns?

§3 Outcomes and assignments

Outcomes:

1. The supervisor thought our project is progressing fast enough.
2. Look at example projects from other students. Most likely, if the sub packages are not too big, they can be included in their parent package.
3. The supervisor thought we should look at the project structure with some type of tool like STAN.

§4 End of Meeting

Next meeting is Thursday, 2021-09-30, 13:00 at F4114
