

Facilitator: Hugo Ekstrand

Participants: Hugo Ekstrand, Isak Gustafsson, Love Gustafsson, Elias Ersson

Date: 2021-09-21

Meeting Agenda

Group meeting for group C7

§1 Objectives

- How should tool implement property?

§2 Reports

Nobody has had any time to work on the project and we've needed to discuss how tools should work before we could continue working.

§3 Discussion Items

- How should ITool look? IProperty? And how should shape tools vs brush tools work (continuous vs. discrete points tools).

Facilitator: Hugo Ekstrand

Participants: Hugo Ekstrand, Isak Gustafsson, Love Gustafsson, Elias Ersson

Date: 2021-09-21

§4 Outcomes and assignments

Outcomes:

1. We came up with a ITool and IProperty design and we will implement it.

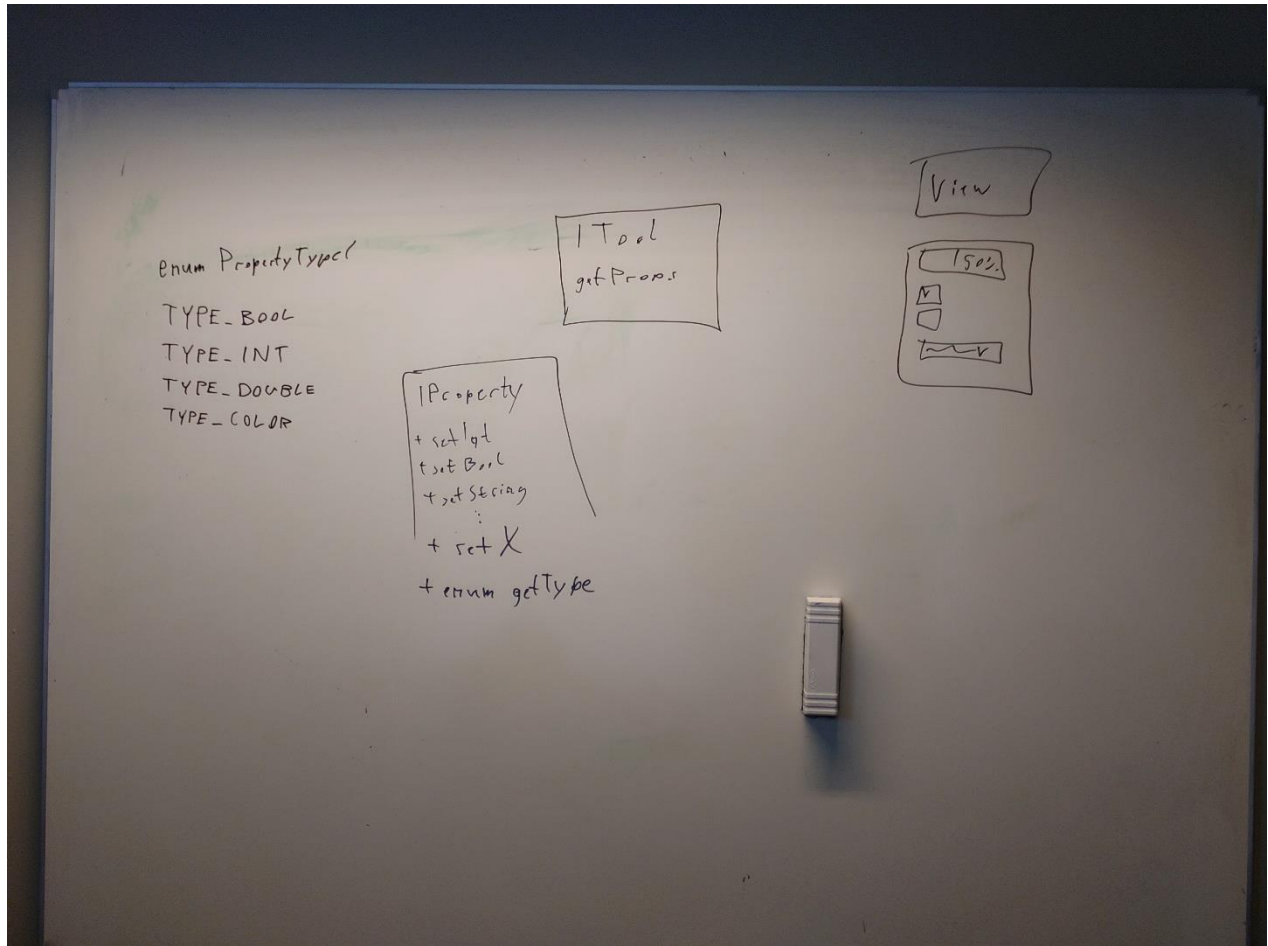

Figure 1. Very crude drawing of the idea. Will be better drawn in SDD.

Assignments:

Hugo Ekstrand:

- Continue refactor ITool and implement IProperty.

Love Gustafsson:

- Will work on affine transforms in layers and creating tests.

Elias Ersson:

- Will continue with GUI. Creating a toolbox.

Isak Gustafsson:

- Continue with IO and create some method for importing

Facilitator: Hugo Ekstrand

Participants: Hugo Ekstrand, Isak Gustafsson, Love Gustafsson, Elias Ersson

Date: 2021-09-21

§5 End of Meeting

Next meeting is Thursday 2021-09-23 13:00 at F4115.
