Facilitator: Hugo Ekstrand
Participants: Hugo Ekstrand, Isak Gustafsson, Love Gustafsson
Date: 2021-10-18

Meeting Agenda

Group meeting for group C7

§1 Objectives

- What needs to be done this week so that we finish the most important user stories?

§2 Reports

General text of what has been done.

Hugo Ekstrand has:
- Written in the MVC portion of the SDD. Created package class diagram for it too.
- Changed so that Services use IService so that it has abstract outwards dependencies.
- Changed so that Brush blends colors instead of overwriting them.

Isak Gustafsson:
- Worked on saving projects.

Love Gustafsson:
- Added LayerFactory.

§3 Discussion Items

1. What needs to be done before we turn in the project?

§4 Outcomes and assignments

Outcomes:
1. We made a list of what needs to be done.
    a. Move rendering out of LayerController into view.
    b. Add saving projects (if it doesn't take too long).
    c. Add function to make Layers visible or not.
    d. Write on SDD and RAD (mainly system design and persistent).
    e. Add header to every file showing what classes it uses.
    f. Add to function to controller to add new layers and create a new project given a size.
    g. Add eraser tool.
    h. Create presentation.

Facilitator: Hugo Ekstrand
Participants: Hugo Ekstrand, Isak Gustafsson, Love Gustafsson
Date: 2021-10-18

Assignments:

Everyone should write on the SDD and RAD and the presentation (presentation is lower priority right now).

Hugo Ekstrand:
- Will move rendering from LayerController into view.
- Will add eraser tool.

Love Gustafsson:
- Add function to make layers visible or not.

Isak Gustafsson:
- Will add save function to project.

Elias Ersson:
- Write documentation for Controller code.

Up for grabs:
- Add create layer and new project in GUI.

§5 End of Meeting

Next meeting is Thursday, 13:00, EG3207A.
