Meeting Agenda

Group meeting for group C7 with supervisor

§1 Objectives

- Show how far we've gotten.
- Discuss any issues in design.

§2 Discussion Items

1. How far have we've gotten? Is the work going forwards or are we stalling?
2. How is our design regarding tool properties? How to get it type safe while still being general?

§3 Outcomes

Outcomes:

1. The work is going relatively smoothly. We are working on user stories and starting to finish some. We also have a very basic first-iteration GUI in which the user can draw with 2 different brushes.
2. It is probably best not to use strings to represent data, but rather find some other solution such as having an array as an input an ignoring values outside of the property's bounds.

§4 End of Meeting

Next meeting is Tuesday 2021-09-21 10:00 at EG-3207A
